Sonoma Valley To Aid Japan

Alfred Walliser and Wife Reported Safe In Japanese Disaster

Several Big Gatherings Held In Valley Over Labor Day

FORMER SONOMA MAN SENDS CABLE TELLING OF ESCAPE

Oakland Parents Receive Word of the Safety of Young Business Man In the Orient.

In a telephone message to the Index-Tribune Wednesday Mrs. Carl Walliser, who resides on Telegraph avenue, Oakland, told of the arrival of a cablegram via Shanghai, telling of the escape of Alfred Walliser and wife in the terrible earthquake catastrophe of Japan. Alfred Walliser, son of Dr. and Mrs. Walliser, formerly of Broadway, Sonoma, is the representative and member of the firm of Folger & Company, in Japan where he is a tea buyer.

When news of the earthquake, tidal wave and fire reached here, Dr. and Mrs. Walliser were frantic until word reached them Tuesday of their son's safety. He had managed to get a message through to Shanghai, asking the Folger representative there to cable the firm in San Francisco and his parents in Oakland that he and his wife had escaped injury.

Dr. Walliser has been paralyzed for the past year and the anxiety over his son was a great trial.

Alfred Walliser is one of the prominent young Americans with big business connections in the Orient and friends throughout California will be glad to hear that he and his wife are safe. His wife was formerly Miss Elsie Willis of Vallejo, a trained nurse, and the couple will undoubtedly do valuable relief work among the stricken people of the empire.

Distinguished Visitors At the Froment Home

A party of distinguished visitors, including Captain De Natalie, of the Italian Artillery, who is in California on a furlough, were week end guests at the hospitable home of Mr. and Mrs. A. Froment over the holiday.

Captain De Natalie will shortly be married to Miss Charlotte Legallet, of Fruitvale, a relative of the Froments. The happy couple met at a wedding while Miss Legallet and her mother were abroad last year. The romance began at the wedding and will terminate at a wedding in Fruitvale. Captain De Natalie having been granted leave from the army to claim his bride.

Mr. and Mrs. Froment and family of Sonoma met the fiancé of their relative in Paris, where all were entertained by the Legallet family in the French capital. The visit to Sonoma was in the nature of a reunion and was heartily enjoyed by both visitors and their hosts. Included in the party was W. Sanders of the French Bank, San Francisco. During their stay in Sonoma Valley, the party was entertained at a barbecue de luxe on the picturesque Sonoma Creek.

Mr. and Mrs. Froment's guests were as follows:

Mrs. E. Legallet, Misses Eugénie, Charlotte, Lucy and Estelle Legallet, Mr. and Mrs. William Sanders, Miss Jeanne Sanders, Mrs. E. Verdier, Miss Marie Louise Verdier, Captain De Natalie, Harold Stoner, Misses Marquerite and Jeanne Louise Mazoue.

Veteran of Civil War Passes On

Taps Sound for David Wolbach, Past Commander of William Cody Post; Resided Here Three Years.

David Wolbach veteran of the Civil War and past commander of William Cody Post, G. A. R., of Wallace Neb., passed away here last Saturday and was laid to rest Monday. The old soldier had resided in Sonoma for the past three years, having taken a furlough from the Veterans' Home at Yountville to be cared for by his wife, who established a home for him here and was with him when the end came.

David Wolbach was born in the state of Pennsylvania, April 29, 1840. He enlisted in Company G, Fourth Illinois Cavalry, in September, 1861, and served for three years, being discharged November 3, 1864. Most of his life was spent on the frontier. He was a 100 per cent American, with many sterling traits of character. Early in life he followed the religious training of the Reformed church and was later affiliated with the M. E. church.

The ex-soldier first came to California as a delegate to the national G. A. R. encampment held in San Francisco in 1903. In October of that year he married Mrs. Lulu Green of Santa Cruz and later settled in Sonoma and Mendocino counties. For seventeen years he owned a ranch in the latter county, until failing health necessitated its sale. At the soldier's home in Yountville he received medical attention some months prior to settling here.

The funeral services for the ex-soldier and patriot Monday were simple but impressive, the pallbearers all being young soldiers of the late war.

GRAPE GROWERS WILL MEET ON SEPT. 20

The grape growers of Sonoma Valley will have a meeting September 20th, at 8 p. m., in the Sonoma City Hall. The meeting is called by G. H. Hecke, director of the State Department of Agriculture, through his Bureau of Standardization, represented by F. F. Flossfeder.

Packing and shipping of the 1923 grape crop will be the chief topic of discussion and the requirements of the Department will be thoroughly explained and all questions answered.

Picking of grapes at the Goldstein Vineyard will start next week and shipments will be made from Agua Caliente. The valley crop will be a little later and will start moving Sept. 15th or Sept. 20th. Vineburg will be the receiving station for grapes purchased by the Stewart Company.

Railroad agents report over half the needed refrigerator cars for the Sonoma Valley crop already on the rails. The remainder will be available when needed and no shortage is anticipated.

Mrs. Grace Zane and grandson of Woodland, Yolo county, were here over Labor Day, visiting Mrs. Zane's brother, Claude Johnson, and family.

Will Give Benefit For Red Cross Next Thursday at Boyes Springs Theatre

Sonoma Valley was prompt to cooperate with the Santa Rosa branch of the Red Cross in its county-wide appeal to aid the victims of the terrible earthquake, fire and tidal wave disaster which caused thousands of deaths and made 6,000,000 homeless in Japan last Saturday. A visit from Miss M. Sacry of Santa Rosa, Red Cross nurse, was followed by the prompt announcement from J. F. Prestwood, Ralph Hotz and Mrs. C. E. Johnson, leading local Red Cross workers, that a subscription list had been opened at the Hotz store for the earthquake relief and that Sonoma Valley would do its share in the great work of mercy now under way all

over the United States. A donation of \$50 by Mr. and Mrs. Denny and others started the local list off well, but every one is urged to contribute, no matter how little, that Sonoma's quota may be quickly subscribed.

Leave your donation at Hotz store, is the request of the Sonoma committee.

Next Thursday night Manager R. Lichtenberg of Boyes Springs has announced a big benefit for the Japanese relief at Boyes Springs Theatre. Proceeds will be turned over to the local Red Cross for that purpose. The photoplay, "Burning Sands," will be the program offering, with dancing to follow. A benefit at the Don Theatre in Sonoma is also talked of.

ARCHBISHOP WILL DEDICATE CHURCH

Impressive Services Will Attend the Dedication of Handsome Edifice; History of St. Francis Church.

Archbishop Hanna and many noted prelates will be in Sonoma tomorrow to formally dedicate and bless the new St. Francis church. The structure, which is one of the finest and most substantial Catholic churches in the north bay section, was built to replace the frame structure burned to the ground last year. The handsome Mission type church now to be dedicated rose, phoenix-like, from the ashes in a surprisingly short time, due to the untiring energy of the resident pastor, Father Byrne, and his loyal parishioners. Many fine gifts have been made to the new church, including altars, stations of the cross, art windows and a magnificent bell.

The dedicatory mass will be at 11 o'clock tomorrow, with early mass at 7:30 and regular mass at 11 o'clock as usual at Boyes Springs. Beginning tomorrow night and every morning and evening of the week thereafter Father Lewis, Dominican, will hold a mission for the Catholic people.

History of St. Francis Church

The cross was first planted in Sonoma Valley by the old Mission pastors early in the nineteenth century. Under their regime religion flourished for years. After the secularization of the Missions, the old church, St. Francis de Solano, was used by the people of Sonoma as a place of religious worship. For many years the saintly Father Deyar of Napa, and the kind hearted pastor of Petaluma, Father Cleary, administered to the wants of the Catholic people of this valley. When the population of Sonoma Valley increased Archbishop Alemany thought that Sonoma should be an independent parish with a resident priest.

Father Reitmeyer was the first pastor. After a short time he resigned and Father Esser was appointed in his place. When Father Esser came to Sonoma he found that the old Mission was no longer very suitable for holding religious services. He bought new property where the present church is located. He appealed to the generosity of the people and in a short time

he built a church, school and convent. Father Esser was succeeded by Fathers Sullivan, Brennan, Cranwell and Whyte.

In 1896 the old church was burned, with little insurance, and with a small parish behind him, Father Whyte had to face the task of building a new church, and in this task he was highly successful.

Father Quill succeeded Father Whyte and for some years worked very hard to lessen the enormous debt there was still a heavy debt and very little income. But through patience and prudence he marvelously succeeded in not only clearing off the debt on the church, but making many valuable improvements.

When Father Leahy took charge there was still a heavy debt and very little income. But through patience and prudence he marvelously succeeded in not only clearing off the debt on the church, but making many valuable improvements.

Next came to St. Francis parish the kindly Rev. Father T. J. Comerford, who resided in charge until 1915 when he was succeeded by Rev. Father Moran, a scholarly gentleman, educated abroad, who visioned the need of a new church and parochial residence in the Sonoma parish, but whose failing health blasted his hopes for the great work before him. Father Moran passed away in a San Francisco hospital three years ago and as his successor the Archbishop named Rev. J. F. Byrne, the present beloved and popular pastor.

Father Byrne carried on the work whose necessity was foreseen by his predecessor, and was instrumental in building the beautiful parochial residence which withstood the fire of 1922 and adjoins the new church which he was destined to rear in the Valley of the Moon.

Eclipse of the Sun At Noon Monday

Next Monday at mid-day there will be a total eclipse of the sun. The phenomenon will start just before noon and ends at 2 o'clock. We will see only 95 per cent obscuration and those who desire to witness a complete eclipse will have to go south for 400 miles or more. The greatest totality will occur at 12:55 o'clock. The eclipse will be visible in no other state but California.

The darkness will not at any time be sufficient to interrupt traffic on the streets or require headlights, say the scientists, but lights will be required indoors.

Sonoma State Home Makes Improvements

Fine New Assembly Hall, School and Cottages Being Erected at the Eldridge Institution.

Many high type improvements are being made at the State Home for Feeble Minded at Eldridge, including a new assembly hall, cottages and dietary, school buildings and quarters for day and night employees. One \$100,000 project is nearing completion and other work including 20-room cottages to house employees will be started shortly. Many of the larger buildings are being built in front of the present main building, according to a plan of architecture and landscape adopted by the state six months ago.

Dr. Fred Butler, superintendent of the big institution, has just returned from the East, where he was called by the death of his father. He found the Sonoma State Home in the midst of its big 1923 harvest season, the ranch of several hundred acres providing the fruit for 10,000 cans of preserves and 1000 gallons of tomatoes. Many of the inmates work in the cannery which is on the institution property and provides much fruit and vegetable diet for the wards of the state.

At the present time there are 1525 inmates at Eldridge with 400 on parole or employed, making a total of 2000 patients enrolled. There are 200 employees to care for them.

This big state institution situated in Sonoma Valley provides one of the most beautiful homes for unfortunates in the United States.

DOLLAR CAMPAIGN FOR CHIEF'S TRIP

Realizing that cities with paid fire departments would send their chiefs to the International Fire Chiefs' convention at Richmond, Va., with all expenses paid, friends of Chief W. B. Cause of the Boyes Springs and Valley Volunteer Fire Department have decided to launch a \$1.00 campaign to send him to Richmond October 23 to October 26. In this way everyone will have a share in giving the Chief this fine opportunity to go to the convention. He is a member of the International Fire Chiefs' Association which in itself is a signal honor for Sonoma Valley and when he arrives in the Sunny South, the Valley of the Moon will be right on the map, for Chief Cause is one of the best boosters this section of California has ever had.

People, both here and elsewhere, have already signified their desire to be listed in the \$1 campaign and next week a big list of names will be published. Friends and admirers of the man who heads the fire department and has raised funds to buy two chemical engines for the protection of Sonoma Valley property can show their appreciation in no better way than in contributing to the cost of Chief Cause's trip to Richmond, Va.

Bring your \$1 to this office, where a subscription list will be available or leave it at the box office of Boyes Springs Theatre.

EL CAMINO CLUB AND OTHER ORGANIZATIONS ENTERTAINED HERE

All Concede the Valley of the Moon Is Ideal Place In Which to Hold Summer Outings.

In addition to the many private parties, individuals and passing motorists that thronged Sonoma Valley over Labor Day week end, there were several organizations who came here for an outing, the largest of which, perhaps, was the El Camino Club of San Francisco. The El Camino Club and auxiliary of San Francisco spent last Saturday, Sunday and Monday at Agua Caliente, and Tom Corcoran deserves praise for the capable manner in which he handled such a large gathering in addition to his other guests.

The club brought its own music along and anyone who had not the opportunity of hearing these musicians missed a real treat. Dancing was in order every evening and the end of the evening always came too soon. During the day swimming and hiking were in order, in addition to the rocking chair fleet who decided rest was a good thing during the warm hours.

Father Byrne of Sonoma was with the club on several occasions and the members desire to express their sincere thanks to him for saying open air mass at the Springs, under the trees, on Sunday morning.

The report on the good time accorded by the Agua Caliente Hotel management was so favorable that the Order of Alhambra wanted to come up this week over 150 strong, but M. H. Host Corcoran, with his regular guest list already well filled, could not accommodate the organization, which will defer its visit until later.

At Boyes Springs, accommodations were at a premium and many guests took advantage of the golf links and of the excellent music by Art Hickman during their sojourn at the popular resort. Manager Lichtenberg reports many reservations made for this week end.

At Oak Grove the Friendship Sangreband, San Francisco singing society, had an enjoyable outing and were nicely entertained by Henry Koerner and wife at their attractive resort.

The Redmen's Rifle Club of San Francisco also came to Sonoma on Saturday and Sunday for a social dance and a competitive shoot. Local Redmen saw to it that they were well entertained and all report a good time.

Ferries bringing motorists here and elsewhere were crowded beyond capacity and made many extra trips to accommodate the crowds.

Accident Caused Loss of Finger

Mrs. August Rouquie was called to Concord this week on account of a serious accident to her sister, who caught her hand in a washing machine. One finger was completely torn off and blood poisoning had set in when she reached the French Hospital in San Francisco.

Mrs. Hiser and Mrs. McAllister Mrs. McKinnon came up from Burwill entertain the Congregational Aid League to visit her friends, Mrs. Appleton and Mrs. C. Burlingame.

A large crowd was here from San Francisco over Labor Day, our summer resorts being crowded. Another large crowd of pleasure seekers is expected over Admission Day.

Al Warriner, in the employee of Uncle Sam, was an S. P. passenger for Vallejo last week. Al has been renewing acquaintances in Sonoma Valley and is as handsome as ever.

Ken Weaver of the Mission Lumber Company, Sonoma, left Sunday for a ten days' motor trip through Northern California. He will enjoy some deer hunting on his trip.

Frank LaHaye, our well known society chap and leading Beau Brummel, who has set Sonoma Valley dance en-

thusiasts wondering at his terpsichorean feats, has returned from Canada, where he has been inspecting the dance shiks of the Dominion in order to improve his stride. Frank had a good trip and enjoyed the scenery, but says there is no place like old California.

Mr. and Mrs. Fred Fergonia, of Sonoma Vista, have left for Portland, Ore., where they will make their home. Their many friends here are sorry to learn of their departure.

M. D. Karoly and family and other Oakland guests have opened their summer bungalow on Riverside Drive for a two weeks stay. Mr. Karoly is a well known and prosperous Oakland business man.

The El Verano Grammar School opened Tuesday with a large number of pupils in attendance. Principal Baker and Miss Buttner, with another assistant, are the educators for the term. The former popular instructor, Miss Howard, is teaching at the Waukegan School this term.

Frank LaFranchi and John Larson were well known El Veranoites who took in the picnic at Agua Caliente Sunday. Larson made a high dive from the top of the bath house which was the prettiest flop yet seen in these parts, while LaFranchi demonstrated some new swimming strokes which made the veterans look sick.

Mr. and Mrs. O. T. Wilkinson and son returned Tuesday from an auto pleasure trip to Los Angeles. Mr. Wilkinson met a sister who was also visiting in the southern city, from Texas, whom he had not seen for a number of years. The Wilkinsons had a wonderful time and report the roads in good shape.

A band of deer blocked the S. P. right of way at Annadell one night last week and Engineer Harry Cook of the westbound freight was forced to bring his train to a standstill to avoid running over the two bucks, two does and a fawn which had wandered from the hills to drink at a stream beside the track.

Mrs. R. C. Lippi, Miss Olga and Miss Ruby Smith, talented singers, after a three months' vacation at their beautiful summer bungalow, have returned to San Francisco until next season. The Lippis have been summering here for many years, Mr. Lippi being a well known San Francisco commission merchant.

It is rumored that the big pavilion which was to be Baron's Coney Island picture theatre, is being negotiated for by Harry Fine of Sonoma who wants to stage some boxing bouts. Harry's bull with the sheriff's office should help him stage some whirlwind events if he can cut the mustard with the referee in Baron's bankruptcy proceedings.

Buck Holly, Stockton fight promoter and middleweight boxer, was in town Sunday, enroute to Oakland to look over the bouts in that city on Labor Day, with a view to re-entering the ring and going after the big stars. Buck is some scrapper and says he is going to stage a comeback that will surprise the world. He looks to be in fine condition.

Over 500 people were in attendance at Oak Grove Resort Sunday, participating in the yearly outing of the Friendship Sangerbund of San Francisco, a singing society of the bay city, who were the guests of Henry Koerner and his wife. An enjoyable day was spent with dancing, games and songs. Henry Koerner staged a successful comeback as a song bird and was encored and cheered.

The T. H. Baines' garage, which was recently leased by George Baines formerly of Colma, has received a new coat of paint, the standard colors of the Shell Oil Company, which products the new auto hospital will handle. This brightens the old town up considerably and although knocked back a few years by prohibition, El Verano, once famous for its climate and scenery, is going to show the world that it can come back. It is rumored that other improvements will be made in and around this famous

old burg.

Robert Wright, former national prohibition agent, and alleged bootlegger in El Verano, is again in the limelight, a bench warrant having been issued for the arrest of Wright, who failed to show up and answer in Judge Louis Ward's court in San Francisco, for driving an automobile while intoxicated. The case was called to trial last week, but the slippery booze hound and ex-federal representative did not put in an appearance. Such men as these, enforcing the dry law, make prohibition a failure and an unpopular law.

REDWOOD GROVE DEDICATED SUNDAY

John Muir's interest in the sequoia sempervirens, and his service as a pioneer in the cause of saving the Redwoods was the subject of an address by Dr. William F. Bade, Councillor of the Save the Redwoods League, at the dedication of the Humboldt County Pioneer Memorial Grove near Orick Humboldt County, last Sunday. A considerable number of people from Humboldt and Del Norte counties, as well as visitors from San Francisco and other points throughout the state attended the simple open-air exercises held at the grove, which is a 166 acre tract on the State Highway 60 miles north of Eureka, which was given to the State of California by Mrs. Zipporah Russ of Ferndale.

Judge G. W. Hunter of Eureka spoke on behalf of the local community, particularly the Humboldt pioneers, for whom this grove is a memorial. He spoke of Joseph Russ, to whose memory Mrs. Russ asked that this grove be dedicated, and told of the qualities of the early settlers who built up and developed Humboldt County. He emphasized particularly their love for the redwood forest which are now being preserved through the efforts of the Save the Redwoods League.

In delivering the main address, Dr. Bade said: "We are here for the formal recognition of a great public service-- the gift of the Russ Memorial Grove to the state of California and to the nation as a thing of beauty and a joy unfailing, so long as man and these noble trees shall endure in the country we love. What we say and here will be over and forgotten ere many suns have set, but the quiet labor of beauty, which for thousands of years has continued here under the hands of the Creator, takes on a new meaning and a new continuance henceforward through the conferment of security from disfigurement or destruction."

More and more the far-seeing man and woman of our time have come to recognize that our forest perform a double function in our national life. One is to provide lumber for the dwellings and material pursuits of our people; the other is to maintain by their beauty and their grandeur the moral and physical vigor of our citizens. The one ministers to man's body the other to his spirit. And since it has been ordained that man does not truly live until he lives by more than bread alone, a gift like this is, beyond all estimate, a contribution to the higher wealth of the nation-- a noble fountain of spiritual refreshment and inspiration for ours and for coming generations.

"By arrangement of the directors of the Sierra Club, some years ago James Brice, then Ambassador of Great Britain to the United States, met John Muir at a private dinner in San Francisco. Being both of them great lovers of the unspoiled wildernesses of America, they deplored the fearful speed with which destruction was overtaking the shrinking remnant of our Sequoia forest, and spoke with enthusiasm of what was being saved in parks for generations unborn. Then Lord Brice, world famous student of the causes that make and unmake nations, ventured the remark that our national parks would ultimately contribute more to the moral strength of our nation than all the law libraries in the land! Today we proudly celebrate the giving of a new guarantee for a noble citizenship in a beautiful environment."

"This memorial area is a living monument in more senses than one. The aromatic branches of the evergreen trees will wave their tributes to the memory of Joseph Russ and other departed pioneers of Humboldt county far beyond the duration of any monument in bronze or stone. Above all, they symbolize the continuing beneficence of the dead to the living. If I mistake not, this is the first time that one of our own California pioneers of the Redwood belt has established such a memorial and the officers of the Save the Redwood League sincerely hope that other may follow the noble example of Zipporah Russ."

Don't Confuse "High-Price" with "High-Quality"

If automobile oils were priced solely on quality and efficiency, no oil should cost you more than good, high quality Zerolene. But quality and efficiency do not determine the price of oils sold here. The difference in the price of Zerolene and other oils usually goes into long-haul transportation and high merchandising costs, which we do not have to pay to make Zerolene available. All that you spend for Zerolene goes to buy high quality only.

Therefore we say, "Insist on Zerolene—even if it does cost less." Ask for it by name—Zerolene.

SANTA ROSA CLOTHING COMPANY TO RETIRE

The Brooks Clothing company of 435 Fourth street, Santa Rosa, is going out of business.

Elmout Brooks, senior member of the firm, recently confirmed the report that the company will be dissolved and will retire from the retail clothing business in Santa Rosa. A big sale is now being held to dispose of the stock.

"Our decision to retire from business was reached with many regrets," the veteran clothing merchant stated. "My inability to continue the active management of this business, due to my advancing age, and the desire of my two associates, Carl A. Lane and Charles V. Gould, to retire from the business also, have given us no course to pursue but to sell out and quit."

In making this announcement through The Sonoma Index Tribune I wish to express in behalf of myself and associates, sincere thanks to our legion of customers and friends for their loyal support, without which we could not have established this business so many years ago and conducted it on such a high plane of service and value for the money.

I want to say also that in our final sale the public will receive the same honest treatment and the same high-grade of merchandise that they have always received from the Brooks Clothing company in the past.

The dissolution of the well known firm marks the close of 40 years of active business life in Santa Rosa, for Mr. Brooks, who has been identified with the city's retail business history ever since coming there four decades ago.

Keenly alert to the possibilities here in the early days of merchandising, his first business venture was in July, 1883, when he became an active and progressive member of the old Carithers firm, which then became Carithers, Brooks & Co. Five years later, in March, 1888, Mr. Brooks and Frank C. Loomis founded the drygoods firm of Brooks & Loomis, from which Mr. Brooks retired in 1900 to establish the present firm.

Always active in the work of all that was good for the advancement of the city, a man of sterling qualities and honorable business dealing, successful in all that he undertook—this is the type of business men the community will miss in the retirement of Mr. Brooks. His associates, too, have made many friends through their years of business activity there, and it is expected that they will continue these friendships by engaging in new business enterprises.

AMERICAN LEGION CONVENTION

The keynote of the fifth annual Convention of the American Legion Department of California at Eureka last week was Americanism. The outstanding resolution on this subject was empowering the incoming Commander to appoint a large Ways and Means Committee for the purpose of raising \$150,000 memorial endowment fund, income from which is to establish a chair in Americanization at the University of California, the balance to be used by the Legion for employing directors of Americanization whose duties shall be to have frequent conferences with the school authorities and all of the other organizations interested in Americanization working out a concrete and practical program for all of the three hundred local posts in California to follow in their Americanization work in their respective communities. This undertaking is probably the greatest ever attempted by any State in the Union. Resolutions were passed asking teachers of public schools to instruct students in the proper meaning of our national holidays, supporting the Boy Scouts movement, making November 11th a National Holiday, asking for increased appropriation for the R. O. T. C., and the establishment of R. O. T. C. units in all High School asking Congress to exclude immigration for a period of five years and proper restriction after that period. The total exclusion of all Oriental immigration into the United States, the proper instruction in the schools regarding proper courtesy due to the Flag; favoring legislation to prohibit child labor, opposing the use of public Buildings by Eugene V. Debs and other convicts under the Espionage Act.

AEROPLANE MAIL REACHES EL VERANO

"The Irish Word" newspaper, mailed in New York City on Saturday, Sept. 1st, to M. F. Mullen, arrived in El Verano on Monday, Sept. 3rd, at 10:32 a. m., via N. W. P. The new aerial mail route is a big success and the handling of this paper by the Department shows that mail can be received from New York as quickly as mail posted in San Francisco.

Miss Rose Pagani motored to Sacramento Saturday in her Hudson coupe.

James and Mike Maffei motored up from San Francisco on Labor Day and visited their Sonoma folks.

NEIGHBORING HORSE OWNERS WIN PRIZES

Among the prize winners at the Horse Show in Sacramento on the opening night of the State Fair, were Mrs. Winslow Anderson of Kenwood, who won two ribbons for her beautiful team of driving horses, one of which she drove herself; and Miss Alma Spreckels, of Napa, daughter of Adolph Spreckels, who captured first prize in the steeple chase class. She had a handsome mount and rode beautifully. Miss Spreckels, who is only 16 years old, was smartly costumed and was much applauded as she took the hurdles with ease and grace.

A floor for happy childhood

THOSE active youngsters, now here, now there; romping, or building block castles on the nursery floor! Give them a smooth, clean, sanitary floor surface on which to play.

Use Fuller Rubber Cement Floor Paint, Phoenix Floor Paint or "15" for Floors" Varnish—they keep the nursery floor bright and cheerful. Fuller Rubber Cement Floor Paint, Phoenix Floor Paint or "15" for Floors" Varnish cover the surface with a tough, elastic film that is non absorbent and easy to keep clean and that prevents restless feet from ruining your floors.

Whatever your painting need, W. P. Fuller & Co. makes a paint for the purpose. A Fuller dealer in your vicinity sells them. See him, or write our Service Department for advice. Our "Home Service" booklet is free.

Paint for this building less than \$4.00

YOU get an idea of how much surface *Certain-teed* paint covers to the gallon when you find that only two gallons are required for two good coats on a poultry house like this (16' x 32'). Less than \$4 will buy the paint. The smaller buildings are often overlooked at painting time, but without paint they rot and warp just as quickly and in proportion are as costly to replace. We can save you money on *Certain-teed* paint. Each color sells for what it costs to make plus a fair profit. On your smaller buildings you can use the less expensive colors and at a considerable saving.
